Description

Your Vision and Dental Health Plans are provided by the Massachusetts Public Employees Fund. The Fund's Board of Trustees develops the plan design and eligibility policies offered to you and your dependents.

Your union has secured these dental and vision benefits ***completely free of charge*** for you and eligible family members. The cost of this coverage is paid entirely by employer contributions required by the collective bargaining agreement negotiated by your union.

The Fund has retained Delta Dental of Massachusetts as a third-party administrator, responsible for processing and paying dental claims according to the policies and guidelines developed and established by the Trustees of the MPE Fund.

The Fund provides two dental plan options. The MPE Exclusive Provider Network (EPN) is a unique network of dentists that have agreed to participate in the MPE Fund plan. They may, or may not, also participate in a Delta Dental plan. The Fund's Indemnity Plan allows you to go to any dentist that you choose.

The Fund provides the Vision Health benefit through Davis Vision.

What employees are eligible for this benefit?

The Massachusetts Public Employees Fund provides benefits to eligible public employees. New employees become eligible for benefits on the first day of the month following the completion of six (6) full months of employment. Eligible employees must be regularly scheduled to work at least half-time per week. Eligible City of Boston employees must be regularly scheduled to work twenty or more hours per week.

You are eligible if you work for:

- The Commonwealth and are represented by:
 - AFSCME COUNCIL 93, Bargaining Unit 2 or 10; or
 - SEIU LOCAL 509 or 888, Bargaining Unit 2, 8 or 10; or
 - The State Police Association of Massachusetts (SPAM); or
 - The Coalition of Public Safety (COPS), Bargaining Unit 5; or
 - MA Department of Transportation Unit B, Teamsters Local 127 or USW; or
 - Mass Military Reservation, IAFF Local S-28; or
- A State College, Community College or the University of Massachusetts and are represented by AFSCME Council 93, SEIU Local 888 or certain MTA Units; or
- The Brookline Housing Authority and are represented by AFSCME Council 93; or
- Essex Registry of Deeds and are represented by AFSCME Local 653; or
- Middlesex South Registry of Deeds and are represented by AFSCME Local 414; or
- The Middlesex Sheriff's Office and are represented by Teamsters Local 122; or
- The Plymouth County Sheriff's Office and are represented by ACE; or
- The Suffolk County Sheriff's Department and are represented by AFSCME Council 93, Local 419, Local 3643 and RNs; by Local 3; or by SEIU Local R1-298; or

- The City of Revere DPW and are represented by AFSCME Local 1383; or
- The Boston Public School Department and are in one of the following groups: Cafeteria Workers; Administrative Guild; Headmasters and Principals; Plant Administrators Association; Storekeepers and Store Deliverymen; Prof. Employees in Dept. of Planning & Engineering; Boston School Patrolmen's Assoc.; Boston School Custodians Local 1952; Boston School Police Superior Officers Assoc.; Boston Assoc. of School Administrators and Supervisors; or
- The Boston Public Health Commission and are represented by AFSCME Council 93, I.B. Firemen and Oilers, SENA, SEIU Local 888 (Programs, Clerical-Technical, Homeless Services), SEIU-Public Health Nurses/LPN; or
- The City of Boston and are employed in a covered group. Please contact the Fund office for more information. City of Boston Emergency and Seasonal Employees are not eligible.
- Long-term seasonal employees, as defined by the Fund, are eligible under these guidelines:

If you work for the Commonwealth and are considered a "long-term seasonal" employee, you are eligible for benefits beginning the first day of the month following completion of six full months of employment. You will be eligible when you return to your seasonal position on the first day of the month following a full calendar month (e.g., if you return May 15th, you will be eligible July 1st) as long as you return to your position each year. You and your dependents are eligible for an annual plan maximum that is equal to 50% of the annual plan maximum extended to non-seasonal employees. Payments for covered preventive, diagnostic and orthodontic services are not deducted from this annual maximum.

How do I enroll and when does coverage start?

When an employee is first hired or transfers into a covered bargaining unit position, the employer reports the information to the Fund office. The Fund automatically sends an enrollment package to the address on file prior to the completion of six (6) full months of employment in a covered position. **You must maintain a current address with your employer to ensure that you receive all mailings from the Fund office.**

Members must return the enrollment form with a dental plan choice, a list of eligible dependents and any required documentation. **Members who fail to submit an enrollment form before their effective date of eligibility will be automatically enrolled in the MPE Exclusive Provider Network (EPN) dental plan with individual coverage.** No dental plan changes will be allowed until the next open enrollment period. Your dependents may be added at any time during the plan year.

Members who transfer from a position in the Commonwealth who were eligible for another employer-sponsored dental plan may not have to wait the six (6) full months before becoming eligible with the Fund. You must call the Fund office at (800) 325-5214 to verify your effective date of eligibility. Members who transfer during a plan year may be subject to a prorated annual plan maximum.

Is my family eligible for benefits?

Coverage will be extended to family members that are considered “eligible dependents” as defined by the MPE Fund.

Spouse: The Fund provides benefits to your spouse if you are legally married under the laws of the Commonwealth of Massachusetts.

If you were legally married and added coverage for a spouse, but subsequently divorce, your ex-spouse will continue to be covered by this plan:

- a) Unless your divorce decree states that you are no longer required to provide coverage for your ex-spouse; or
- b) Unless or until your ex-spouse is eligible for their own dental plan coverage; or
- c) Until either you or your ex-spouse remarries. In the event of a remarriage, your ex-spouse ceases to be considered an eligible dependent. You must notify the Fund office immediately upon a remarriage.

Children: The Fund provides benefits to your unmarried:

- Natural or adopted children;
- Children for whom you have legal custody;
- Residential stepchild(ren) as defined by the Fund (your spouse has physical custody and dependent resides solely in your home).

Children who meet the Fund’s definition are eligible for benefits through the last day of the month during which they turn 19, or 26 if enrolled as a full-time student. The Fund requires student verification for each term that your child is enrolled as a full-time student. Verification forms are available from the Fund Office or may be downloaded from mpefund.org.

Children who are considered developmentally disabled as defined by the MPE Fund **and** qualify as a disabled person under the Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI) may be eligible for benefits regardless of age. You must submit acceptable verification forms and a copy of the current Award Letter.

The Fund is not subject to MA Health Care Reform or the Patient Protection and Affordable Care Act.

When do dental and vision benefits stop?

Employees:

When an employee stops working in a covered bargaining unit, coverage for the employee (and any eligible dependents) will end one calendar month after the last day worked.

Employees laid-off from their position may be eligible for an additional 90-day extension of benefits.

Dependents:

Dependents will lose coverage on the “qualifying event” date – the day they cease being considered an eligible dependent per Fund policy. You must notify the Fund within 60 days of this event.

Dependents continued:

Examples of a child who no longer meets the Fund’s definition of an eligible dependent include, but may not be limited to:

- Stepchild(ren) who no longer live in your home (and/or you are no longer married to their parent);
- Legal custody order has expired;
- Full-time student dependent who withdraws from school, reduces their course load to less than full-time, takes a leave of absence, or graduates;
- Your child marries.

Examples of an ex-spouse who no longer qualifies as an eligible dependent include, but may not be limited to:

- You or your ex-spouse remarries;
- Your ex-spouse is eligible, or becomes eligible, for their own dental plan;
- Your divorce decree states that you are not required to continue covering your ex-spouse on your medical and/or dental plan.

Extended Coverage Survivor Benefit

The Fund offers an extended coverage period for the surviving spouse and/or dependent child(ren) of a participant who dies while in the performance of their duties with a contributing employer.

This benefit will only be available to a surviving spouse and eligible dependent(s) of a participant who dies as the result of a personal injury sustained or hazard undergone while in the performance of their duties and without serious and willful misconduct on the member’s part. The benefit will not be extended if death is related to a disease or bodily or mental illness or infirmity or any other cause.

Dental and vision benefits will continue under this Extended Coverage Survivor Benefit until the first day of the month following one of these events:

- The spouse dies;
- The surviving spouse or dependent becomes eligible for other group dental/vision plan coverage;
- The dependent child reaches age 19 (or 26, if a full-time student); or
- The Fund terminates or otherwise ceases to provide dental and vision benefits to the participants and their beneficiaries.

Re-marriage (by the surviving spouse) will not result in termination of the surviving spouse’s coverage. However, the new spouse and any step-children will not be eligible to participate.

If the surviving spouse dies, the Fund would continue to provide coverage to any existing, eligible dependents (until and unless one of the other termination events occurs).

All eligibility decisions of the Trustees will be final and binding. As a condition of receiving the benefit, the surviving spouse and/or dependent(s) will be required to provide relevant documentation to the Fund office upon request.

This benefit became effective March 1, 2020. Retroactive eligibility is not available.

Continuation Coverage (COBRA)

What is Continuation Coverage (COBRA)?

The Fund provides Continuation Coverage (COBRA) in accordance with the Public Health Service Act. COBRA — the Consolidated Omnibus Budget Reconciliation Act — requires the Fund to offer continuation coverage to you and your dependents when coverage would otherwise stop due to certain specific events (“qualifying events”). COBRA sets rules for how and when continuation coverage must be offered and provided, how employees and their families may elect continuation coverage, and what circumstances justify terminating continuation coverage.

You and/or your dependents must pay the full COBRA premium. You will be provided with monthly cost information when you become eligible for Continuation Coverage. The benefits under Continuation Coverage are a *continuation* of the same benefits received as an active Fund member.

Alternatives to Continuation Coverage (COBRA)

If you become entitled to elect Continuation Coverage (COBRA) when your benefits with the Fund stop, you should consider all dental coverage options that may be available to you before you make your decision. Other options may include coverage through the Massachusetts Health Connector at mahealthconnector.org. You may be able to enroll in coverage through the MA Health Connector that costs less than Continuation Coverage.

If your coverage with the MPE Fund is ending because you retired, you may be eligible to participate in a retiree program with either the Group Insurance Commission (GIC) or the City of Boston. You can only select one dental plan option (e.g., *either* Continuation Coverage *or* the Retiree Dental Plan). Please review all your options carefully before signing up for a dental plan.

Who is Entitled to Continuation Coverage (COBRA)?

As an employee, you have the right to purchase Continuation Coverage from the Fund if:

- Your employment terminates (either voluntarily or involuntarily) for any reason other than gross misconduct; or
- Your hours are reduced to less than the minimum amount required for eligibility.

Your spouse (or ex-spouse if a ‘qualified beneficiary’) has the right to purchase Continuation Coverage from the Fund if:

- Your employment terminates (either voluntarily or involuntarily) for any reason other than gross misconduct; or
- Your hours are reduced to less than the minimum amount required for eligibility; or
- You die while participating in the plan; or
- You are divorced or legally separated and a judgment has been granted terminating your ex-spouse’s eligibility; or
- You or your ex-spouse remarries, as long as your ex-spouse was eligible on the date of remarriage and the divorce was less than 36 months ago.

Your dependent children have the right to purchase Continuation Coverage if:

- Your employment terminates (either voluntarily or involuntarily) for any reason other than gross misconduct; or
- Your hours are reduced to less than the minimum amount required for eligibility; or
- You die while participating in the plan; or
- Your dependent child ceases to meet the definition of “dependent child” used by the Fund (e.g., your stepchild no longer resides in your home).

The Fund must be notified within 60 days of the date on which dependent coverage would stop in order for the dependent to be eligible for Continuation Coverage (COBRA).

You, your spouse or your dependent children are not entitled to Continuation Coverage (COBRA) if:

- You transfer to a management position and are eligible for the Group Insurance Commission dental plan; or
- You retire and elect either the GIC or City of Boston Retiree Dental Plan; or
- You transfer to a position in another bargaining unit that offers dental benefits.

Duration of Continuation Coverage (COBRA)

Continuation Coverage benefits are *temporary*.

Eighteen months: If you, your spouse or your dependent children become eligible for Continuation Coverage due to the termination (either voluntary or involuntary) of your employment for a reason other than retirement, a reduction in your hours or your being on an employer approved non-medical leave, Continuation Coverage may continue for up to 18 months.

Thirty-six months: If you retire from your position, or if your spouse and/or dependent children become eligible for Continuation Coverage due to your retirement, medical leave of absence, death, the loss of dependent status, your divorce or the remarriage of you or your ex-spouse, Continuation Coverage may continue for up to 36 months.

Twenty-nine months: Any beneficiary who is determined under title II or XVI of the Social Security Act to have been disabled at any time during the first 60 days of Continuation Coverage shall be eligible for up to 29 months of coverage, but only if the qualified beneficiary notifies the Fund before the end of the initial 18 months. The premium for this 11-month extension will be 150% of the cost of the plan. This 11-month extension of the usual 18 month Continuation Coverage period is available to all qualified beneficiaries covered on the Continuation Coverage plan from the date of the qualifying event.

The benefits under this program are a continuation of the same benefits received as an active Fund member.

You, your spouse or your dependent children will lose Continuation Coverage if:

- You, your spouse or your dependent children fail to promptly pay the monthly Continuation Coverage premium. Failure to pay your monthly Continuation Coverage premium by the end of the 30-day grace period will result in permanent loss of coverage; or

- You, your spouse or your dependent children become eligible to participate in another group dental plan after electing Continuation Coverage (you are required to notify the MPE Fund immediately or you may be required to repay the Fund for any claims paid); or
- You, your spouse, or your dependent child(ren) engages in conduct that would justify the plan in terminating coverage of a similarly situated participant or beneficiary not receiving Continuation Coverage (such as fraud); or
- The Fund no longer provides benefits.

COBRA Notice and Election Procedures

Employee:

Your employer must notify the Fund within 30 days of your termination from employment, reduction in hours or your death (your “qualifying event”). Once the Fund receives this information, your coverage stops one calendar month after the “qualifying event.”

An *Election Form* and notice of your Continuation Coverage rights will be mailed to the address on file with the Fund. It is your responsibility to maintain an accurate address with the Fund.

You have 60 days from the date your coverage stops or the date the *Election Form* is sent by the Fund, whichever is later. If you do not receive the *Election Form*, you must contact the Fund within this 60 day period. If you do not apply for Continuation Coverage within 60 days of the date on which notification was sent by the Fund, you will lose your Continuation Coverage eligibility.

Dependents:

You, your ex-spouse or your dependent children must notify the Fund in the event of a remarriage or other change in dependent status (e.g., cessation of full-time student status, stepchild no longer living in your home, etc.). Once notified, the Fund will send a notice to qualified beneficiaries regarding Continuation Coverage (COBRA).

Failure to notify the Fund in the event of a remarriage or change in dependent status within the required 60 days of the date on which coverage would stop as a result of the qualifying event will result in the loss of Continuation Coverage (COBRA) rights.

You must submit written notification of the event to:

MPE Fund
PO Box 3319
Peabody, MA 01961-3319

The Fund reserves the right to request additional information.

Your additional obligations:

Failure to submit any information required by the Fund may result in your being held responsible for the reimbursement of any claims paid on behalf of an ineligible dependent. The Fund also reserves the right to suspend or terminate your eligibility and that of any eligible dependent(s) until such reimbursement is made. Additionally, you may be held liable for any overpayments plus interest, and for any costs and attorney’s fees incurred by the Fund in connection with any legal proceeding undertaken by the Fund or the Trustees to recover such overpayments. Please see page 80 for additional information regarding the *Fund’s Legal Rights and Obligations*.

The preceding is intended to be a general, informational discussion of your rights under the Continuation Coverage program. If you have any questions regarding your eligibility for Continuation Coverage, please contact the Fund Office at (800) 325-5214.

Alliance Dental Center, LLC – Extended Coverage

If you are a patient of the Alliance Dental Center (ADC) and enroll in COBRA for 36 months due to a retirement or death of the Fund member, you may be able to continue as a patient of the ADC by continuing to pay a monthly ‘extended coverage’ rate to the MPE Fund.

Qualification:

Eligibility for the extended ADC coverage is only available to those members who became eligible for COBRA due to retirement or death of a member; were patients of the ADC at the time of the COBRA start date; continued as a patient at the ADC through the 36-months of COBRA coverage; and wish to maintain uninterrupted coverage at the ADC upon exhaustion of their COBRA benefits.

Length of Coverage:

Extended ADC coverage would continue until one of the following events occurs:

- The participant is eligible for dental coverage through another dental plan;
- The participant fails to timely pay their monthly premium to the Fund office;
- The participant dies; or
- The Trustees decide to no longer provide this extended ADC coverage option.

Once extended ADC coverage terminates it cannot be elected in the future.

Plan Design and Monthly Premiums:

- This benefit is not COBRA, but rather an ‘extended ADC coverage’ plan. There is no vision care available in this benefit.
 - The participant must rely on the ADC to receive treatment for any and all services which the ADC provides.
 - Participants will be referred out by the ADC to specialists for specific services only. If the participant receives services from another dental office without a referral from the ADC, no benefits will be payable.
-

Vision Health Plans

The Fund offers members coverage for routine comprehensive eye exams and eyewear from either:

- the Davis Vision Provider Network Plan, consisting of private vision care providers and retail locations; or
- the Alternative Vision Plan, a direct reimbursement option for services received by an out-of-network provider of your choice.

Members age 61 and over and dependents age 14 and under may receive a vision benefit once every 12 months. All other eligible employees and dependents may receive the vision benefit once every 24 months.

How do I receive services from the Davis Vision Provider Network Plan?

To receive coverage, you must visit a participating Davis Vision provider. You may call the automated Provider Locate System at (800) 406-1656 to hear a recorded list or to request a printed list of the participating providers. You may also visit davisvision.com. Currently, over 300 vision care offices located throughout Massachusetts and the surrounding area participate in the Davis Vision Provider Network.

To receive services from a Davis Vision participating provider, simply contact a provider and schedule an appointment. You may wish to contact the Vision Care Processing Unit at (800) 406-1656 to ensure it has been at least 24 months since you last received services (12 months if you are age 61 and over or age 14 and under) and that the provider still participates in the Davis Vision network. Your provider will contact Davis Vision for authorization.

What services are covered using the Davis Vision Provider Network Plan?

When you utilize the Davis Vision Provider Network Plan, you may receive a comprehensive eye examination, including dilation as professionally indicated, and one pair of prescription eyeglasses from the Davis Vision Frame Collection. The Davis Vision Frame Collection includes over 220 contemporary eyeglass frames to choose from. These are all paid in full by the plan as outlined on page 11. As professionally indicated, ultraviolet (UV) protective coating and standard anti-reflective coating (ARC) are also provided at no cost to the patient.

You can obtain other optional lens types and coating if you make the co-payment listed on page 11. If you obtain any services that require a co-payment, you must pay the Davis Vision provider directly.

Contact lenses from the Davis Vision Premium Contact Lens Collection are available for most prescriptions for a \$50 co-payment. The contact lens benefit is in lieu of the eyeglass benefit.

Davis Vision Provider Network Plan

Services and Co-Payments:

Services/Materials Paid in Full

Eye examination
including dilation, as professionally indicated

One pair of lenses
includes single vision, bifocals, trifocals, and cataract lenses;

(continued on page 12)

Davis Vision Provider Network Plan (continued from page 11):

Collection contact lenses (in lieu of allowance): Materials	\$50.00
Disposable (4 boxes/multi-packs)	
Planned replacement lenses (2 boxes/multi-packs)	
Evaluation, fitting and follow-up care included	

Other Services

Value Advantage Program: Eligible Fund members may purchase additional eyewear *at any time* at a discounted wholesale price, directly from Davis Vision, through the Value Advantage Program. Please contact Davis Vision at (800) 406-1656 for more information.

Contact lens allowance: Eligible Fund members who choose not to select a contact lens from the Collection will be eligible for a \$74 allowance toward the purchase of non-Collection contact lenses. Please contact Davis Vision for more information.

Mail Order Contact Lenses: Replacement contacts (after initial benefit) are available by logging onto the Davis Vision member website, www.DavisVisionContacts.com. The service provides purchasing online and direct shipping to you.

Davis Vision LASIK Service: Laser vision correction (LASIK) is a procedure that can reduce or eliminate your dependence on glasses or contacts. This corrective service is available to you and your eligible dependents at a special discount with your Davis Vision plan. As a Davis Vision member, you may recognize significant savings including 40%-50% off the national average prices of traditional LASIK. Please contact Davis Vision at (855) 502-2020 for additional information. *The Fund is not recommending or endorsing this procedure, but simply allowing members access to this discount.*

Alternative Vision Plan

Under a direct reimbursement option, you may obtain services and materials from any vision care provider you choose. Only a portion of your actual expenses will be reimbursed under this plan.

To file a claim under this option, you must first contact the Vision Care Processing Unit at (800) 406-1656 to verify your eligibility for services and to order a claim form. You may also obtain a claim form at davisvision.com. Bring your claim form with you when you obtain services from a provider that does not participate in the Davis Vision Provider Network. Your vision provider(s) should complete the applicable sections of the claim form when services are rendered. You are responsible for paying your provider in full. You must then submit the completed, signed claim form with an itemized bill from the provider to:

Vision Care Processing Unit
P. O. Box 1525
Latham, New York 12110

Alternative Vision Plan *continued*

You will be reimbursed according to the following schedule:

Services/Materials	You will be reimbursed up to:
Eye examination	\$ 30.00
One frame	\$ 25.00
One pair lenses (single vision)	\$ 23.25
One pair lenses (bifocal)	\$ 37.50
One pair lenses (trifocal)	\$ 50.50
One pair contact lenses (materials and fitting)	\$ 82.00

Are there any limitations or exclusions under either plan?

If this booklet does not expressly provide for a vision benefit or service, such benefit or service shall not be covered under either vision plan. In addition, the following limitations and exclusions apply to both the Davis Vision Provider Network Plan and the Alternative Vision Plan:

- There is no additional coverage in the event of lost or stolen eyewear, or if a medical condition necessitates more frequent exams and/or materials;
- Non-prescription eyeglasses are not covered by either plan;
- Benefits for medical treatment of an eye injury or an eye disease are not provided under either plan;
- No benefits will be paid under either plan for non-covered plan services or materials, including vision training, nor will reimbursement be made for any vision services or supplies for which you or your dependents are not required to pay or for any charges that would not have been made if no Fund coverage was available.

Your Hearing Network – Hearing Service Plan

Davis Vision members have access to the largest hearing care provider network in the country and substantial savings on top tier manufacturer brand devices and related professional services through Your Hearing Network.

Davis Vision members save up to 60% off of retail on brand name hearing aids from major manufacturers through the Your Hearing Network.

All hearing care service and products described are provided by Your Hearing Network as a value-added service to Davis Vision members.

To find out more, visit DavisVision.YourHearing.com or call (888) 809-0044.

Dental Health Plans

You are eligible for the MPE Fund dental plan. **This is *not* a Delta Dental Plan.** The Fund retains Delta Dental of MA as a third-party administrator, responsible for processing and paying claims according to the MPE Fund's policies and schedule of benefits.

What are my dental health plan options?

The Fund offers its members a choice between two dental health plans:

Exclusive Provider Network (EPN) Plan: Members enrolled in the Exclusive Provider Network (EPN) Plan receive their dental treatment from the Plan's over 950 general practitioners and dental specialists offices listed in this booklet on pages 19 to 48.

Indemnity Plan: Members enrolled in the Indemnity Plan receive dental treatment from any dentist they select.

- All family members will be enrolled in the same MPE Fund dental plan option.
- Members must remain enrolled in the same MPE Fund dental plan option for the entire plan year (July 1st to June 30th). Members may only change their dental plan during the Fund's Open Enrollment period.
- Patient out-of-pocket expenses are generally lower in the Exclusive Provider Network (EPN) Plan than in the Indemnity Plan.
- If the patient is enrolled in the MPE EPN dental plan and receives services from a dentist that does not participate in the plan, no benefits are payable.

An *Annual Plan Maximum* is the most the Fund will pay of its portion of covered services. Under both the MPE EPN Plan and Indemnity Plan:

- Family members age 12 and under have an unlimited Annual Plan Maximum.
- The Fund provides an Annual Plan Maximum of \$1,600*, and a separate Implant Annual Plan Maximum of \$1,175*.
- Fund payments for orthodontics, preventive, diagnostic, periodontal scaling and root planing and immediate/complete dentures are not deducted from the Annual Plan Maximum.

How does the Annual Plan Maximum and the Implant Plan Maximum work?

The Fund's payment for a surgical implant placement (procedure codes D6010 or D6013 only) will be deducted from the separate Implant Annual Plan Maximum of \$1,175*. No other services are eligible for this separate plan maximum, even though they may be part of the implant treatment/restoration (e.g., abutment, crown).

The implant codes of D6010 and D6013 are not eligible for the Annual Plan Maximum of \$1,600*. If the patient has reached the Implant Annual Plan Maximum, there will be no further payment for these procedure codes available.

Category	EPN	Indemnity
Plan Requirements:	Must receive treatment from MPE EPN office - family members may go to different EPN offices	May visit any dentist
Preventive and Diagnostic See MPE Schedule of Covered Services Includes: Periodontal cleanings Periodontal scaling & root planing	<ul style="list-style-type: none"> • Paid in Full • Frequency subject to time limitations • Not deducted from Annual Plan Maximum 	<ul style="list-style-type: none"> • Fund pays an Allowance • Patient pays difference between Allowance and dentist's charges • Patient costs lower if they visit a Delta Dental Dentist • Not deducted from Annual Plan Maximum

Additional information: (1) Includes records. EPN orthodontic coverage subject to pre-review and approval. Summary only. Please refer to full plan descriptions.		

*Commonwealth of Massachusetts Seasonal Employee annual plan maximum is equal to 50% of stated maximum.

The MPE Exclusive Provider Network (EPN) Plan

The Fund's Exclusive Provider Network (EPN) is administered by DSM Insurance Services, a wholly owned subsidiary of Delta Dental of Massachusetts. **This is not a Delta Dental plan.** Members enrolled in the EPN Plan must receive all dental treatment from a dental office that participates in the MPE Exclusive Provider Network (EPN) listed on pages 19-48. Preventive and diagnostic services are covered in full under the MPE EPN Plan. Other services require a patient co-pay, which can be found on pages 54-64. Patients must pay the dentist directly for co-paid services.

If you are enrolled in the EPN Plan and receive services from a dentist that does not participate in the MPE EPN Plan, no benefits will be paid by the Fund.

How do I file claims under the MPE EPN Plan?

- Your dentist will submit all claims to the MPE Unit at Delta Dental of Massachusetts.
- You will receive a written Explanation of Benefits statement (also called an EOB) whenever services are paid under the Exclusive Provider Network (EPN) Plan. Please review each EOB statement carefully and immediately report any discrepancy to the MPE Unit at (800) 553-6277. You have the right to appeal any determination in accordance with the procedure noted on your EOB statement and in accordance with the Appeal Process on page 77.

How can I protect myself from unexpected dental costs?

Prior to receiving treatment you should:

- Call the Fund Office at (800) 325-5214 to verify that you are enrolled in the Exclusive Provider Network (EPN) Plan and your dependents are enrolled; and
- Call the MPE Unit at (800) 553-6277 to confirm that the provider you selected still participates in the Exclusive Provider Network. This is necessary since the list of Exclusive Provider Network dentists is subject to change at any time, with or without prior notice. Be sure to tell your dentist that you are a member of the MPE Exclusive Provider Network (EPN) Plan when you schedule an appointment.

It is your responsibility to confirm your dentist's participation in the MPE Exclusive Provider Network (EPN) Plan. Failure to do so may result in your paying the dentist's submitted charge.

- If you make a dental appointment and circumstances prevent you from keeping this commitment, you must call the dentist's office to cancel the appointment at least 24 hours in advance. Your dentist can bill you if you miss an appointment and do not cancel it at least 24 hours in advance.
- **Before undergoing any treatment which you consider costly, you should request that your Exclusive Provider Network (EPN) dentist submit a pre-treatment estimate to the MPE Unit at Delta Dental of Massachusetts.**
- Call the MPE Unit to make sure you have met any required time limitations and to check your proposed treatment costs against your annual maximum.

How can I receive dental services from a provider that does not participate in the MPE EPN Plan?

There is no out-of-network benefit under the MPE EPN Plan. This means that if you are enrolled in the MPE EPN and receive services from a provider that does not participate in the MPE EPN, there is no coverage for these services. In very specific situations (Approved Referral), the Fund may pay for covered services received from an out-of-network provider. Under an Approved Referral, a referral must be made by your MPE EPN dentist and that referral for specific services *must be authorized* by the MPE Unit at Delta Dental of Massachusetts *prior to treatment*. The following steps must also be followed for coverage to be provided under an Approved Referral:

- You must be a patient of record, as defined by the Fund, with a general dentist within the Exclusive Provider Network (EPN). A patient of record is defined by the Fund as a general dentist who you have visited during the past 12 months for treatment and/or evaluation.
- Your Exclusive Provider Network (EPN) dentist will refer you to a specialist for either (1) a consultation or evaluation, or (2) a specific service(s). If there is a specialist that participates in the MPE EPN, you will be required to obtain these services from the participating provider. If there is no specialist in the network, the out-of-network referral must be approved by the MPE Unit at Delta Dental of Massachusetts prior to receiving treatment.
- There is a six month time limitation on all approved out-of-network referrals. If you receive services after the six month time limit, you will be responsible for the out-of-network provider's fee.
- If the out-of-network specialist determines that you require additional treatment that was not approved on the initial out-of-network referral, the specialist must contact your MPE Exclusive Provider Network dentist. If your MPE EPN dentist is not able to perform these services, they must call the MPE Unit at Delta Dental of Massachusetts for approval of an out-of-network referral for the specific services prior to treatment.
- Payments made to an out-of-network provider for authorized services when a referral has been approved are subject to a maximum allowable fee. Patients will be responsible for the difference between the maximum allowable fee and the submitted fee and any plan co-payment. You may ask the specialist to submit a pre-treatment estimate prior to receiving services so that you understand your financial responsibility.
- If no referral was made, or if a referral was not pre-approved, you may be responsible for the dentist's submitted charge.

How do I get dental services in an emergency?

To receive services in an emergency, you must:

1. Call a participating Exclusive Provider Network (EPN) dentist. Each office is prepared to handle emergency situations. If one of the MPE EPN dentists cannot deliver prompt emergency service, they will refer you to another dentist, and;
2. Confirm that this dentist participates in the Exclusive Provider Network (EPN) by calling the MPE Unit at (800) 553-6277.
3. If you receive care outside of normal business hours and are unable to contact the MPE Unit, you must verify with the dental office that they participate in the MPE Exclusive Provider Network (EPN) as no benefits are payable to an out-of-network provider. You must also call the MPE Unit at (800) 553-6277 prior to receiving any additional treatment to verify the dentist's participation in the Exclusive Provider Network (EPN) and to inquire about your co-payment.
4. If you are out of state and have an emergency, you must call the MPE Unit at (800) 553-6277 and they will advise you on how to proceed. The only services payable to an out-of-network dentist in an emergency situation will be for Palliative Treatment.

If you do not follow these procedures, you will be responsible for the dentist's submitted charge. No benefits will be payable for services received from an out-of-network provider unless you have received both a referral for specific services from an EPN dentist and an approval of that referral by the MPE Unit at (800) 553-6277.

What if I have reached my Annual Plan Maximum and receive more services?

You and any eligible dependents aged 13 and above each have an Annual Plan Maximum of \$1,600* and a separate Implant Annual Plan Maximum of \$1,175*. This is the maximum amount of money the plan will pay, each year, for covered dental services you receive, excluding orthodontics, preventive, diagnostic, periodontal scaling and root planing, and immediate/complete dentures. Dependent children aged 12 and under have an unlimited plan maximum.

If you and any eligible dependents age 13 and over receive any co-paid services listed on pages 54-64 during the plan year *after* the plan has paid the Annual Plan Maximum amount, you will only be responsible for the negotiated EPN fee per the provider fee schedule.

*Commonwealth of Massachusetts Seasonal Employee annual plan maximum is equal to 50% of stated maximum.

MPE Exclusive Provider Network Dentists

Please note: This list of MPE Exclusive Provider Network (EPN) dentists is subject to change at any time and without prior notice. You must call the MPE Unit at (800) 553-6277 to confirm that a provider still participates in the EPN Plan, or to find any new offices that may have joined since this list was published. You may also visit mpefund.org for an updated list of providers. Prior to each appointment, you must confirm that the office does still participate in the MPE EPN Plan to protect yourself from unexpected costs.

This list is subject to change at any time, with or without prior notice. To confirm that a dentist still participates in the MPE EPN Plan, you must call the MPE Unit at (800) 553-6277. You may also obtain updated information, including new offices, by visiting mpefund.org.

The Indemnity Plan

The Fund's Indemnity Plan is administered by Delta Dental of MA. Under the Indemnity Plan, patients may see any licensed general dentist of their choice. The Fund will make a payment for the covered treatment as per the *Indemnity Plan Pay* in the *MPE Schedule of Covered Services* listed on pages 54 to 64. Patients are responsible for the difference between the Fund payment and the dentist's charges.

Because the Fund retains the services of Delta Dental of MA to provide third-party administrative services, Fund members are able to take advantage of some benefits offered to Delta Dental members. Your out-of-pocket costs may differ based on whether your dentist participates in Delta Dental in Massachusetts, Delta Dental outside of Massachusetts, or does not participate with Delta Dental. You should confirm with your dentist whether they participate in Delta Dental of MA.

How can I know in advance what my treatment will cost?

Before starting any dental treatment, you are strongly encouraged to request that your dentist submit a pre-treatment estimate to the MPE Unit at Delta Dental of MA. The MPE Unit will tell you, in writing, the maximum reimbursement you will receive. Your benefit is limited to your plan maximum.

If you are enrolled in the Indemnity Plan and receive services from an MPE Exclusive Provider Network (EPN) dentist, claims will be paid according to the Indemnity Plan reimbursement schedule.

If your dentist participates in Delta Dental:

Delta Dental manages the Delta Dental Premier network and the Delta Dental PPO network. If your dentist participates in one of those networks, they agree to accept a fee for service that is determined by Delta Dental of MA. This fee is called a "maximum allowable fee." You are responsible for the difference between the Fund's reimbursement schedule and the dentist's maximum allowable fee. If your dentist is a "participating Delta Dental PPO provider," the savings to you may be greater.

If your dentist does not participate in Delta Dental:

You must pay the dentist's actual charges directly, and file a claim with Delta Dental of MA to be reimbursed directly.

You can obtain claim forms by calling the MPE Unit at Delta Dental of MA at (800) 553-6277. Completed claim forms should be submitted to:

**MPE Claims
PO Box 2907
Milwaukee, WI 53201-2907**

When benefit payments are made directly to you it is your responsibility to pay your dentist. You are responsible for the difference between the *Indemnity Plan Pay* in the *MPE Schedule of Covered Services* on pages 54 to 64 and the dentist's full charge.

The Alliance Dental Center, LLC

MPE Member only office - *Revolutionizing Oral Health®*

The Alliance Dental Center, LLC was created by the Fund's Board of Trustees for the purpose of owning and operating a dental office to provide dental care to Fund members. The office provides treatment based on an individual patient's risk factors with the goal of arresting existing disease, and to reduce the likelihood of future disease. The Trustees understand that oral health is a key factor in overall health, and the ADC embodies this principle with a revolutionary approach to care delivery and patient education and support.

Our office is located in Quincy, Massachusetts at 111 Washington Street, Suite 301 - on the corner of McGrath Highway and Washington Street. There is on-site parking and the office is close to municipal parking and within walking distance of the Quincy Center (MBTA) Red Line station. Our location is also on the MBTA bus line.

Who is eligible?

Any active Fund member and dependent, and any member/dependent currently on COBRA, is eligible to receive services at the ADC. COBRA members that are currently patients of the ADC may be eligible for an 'extended coverage' plan. Please refer to page 9 in this booklet for more information.

What services are covered?

Most general dentistry services are available at the ADC including but not limited to:

- Risk assessments
- Exams
- Cleanings and x-rays
- Therapeutic products that have been scientifically proven to reduce disease
- Restorations (fillings)
- Crowns (many using our same-day Cerec technology)
- Some dentures, partial dentures and bridges

In addition, the ADC has a Patient Care Advocate who will assist you with addressing any barriers you may be experiencing with receiving dental care.

How can I become a patient of the ADC?

The ADC wants to become your 'dental home' - a place where all your oral health care needs are met. We want to be your partner and work with you to address your unique concerns and conditions.

As a patient of the ADC, you must agree to be an active participant in our approach to dental care which is based on the following phases of treatment planning:

- **Phase One:** The goal of Phase One is to evaluate the overall oral health of the patient to determine 'next steps' which must include getting the disease and bacteria under control before beginning any major restorative treatment. The patient must agree to work with the dental team through this phase, and subsequent phases, prior to having any long-term, permanent restorations provided by ADC.
- **Phase Two:** The goal of Phase Two is to remove/address disease and introduce the products and interventions that will assist in the reduction of disease factors in preparation for long-term restorations. This Phase also includes periodontal and/or endodontic therapy and temporary restorations, if needed.
- **Phase Three:** The goal of Phase Three is to begin the process of long-term restorations of tooth structure and function after the disease factors have been addressed and risk reduced. The patient will have had to follow the recommendations in prior Phases to be eligible for these services.
- **Phase Four:** The goal of Phase Four is to have the patient in a maintenance mode, whereby the disease is under control - and stays under control - and the treatments have been provided to restore tooth structure and function.

Appointment information:

- To make an appointment, call the ADC at (617) 984-5300.
- You will receive a package of *New Patient Forms* that **must be** completed prior to your appointment. The forms can also be downloaded at mpefund.org/ADC.
- We will ask that you read and agree to our Patient/ADC Agreement. We have many members committed to our philosophy that are waiting to receive treatment and we want to ensure you are as committed as we are to your treatment plan.
- Your first visit to the ADC will require approximately 1.5 – 2 hours of your time. **At this visit, no definitive treatment (i.e., cleanings) will be performed.** The hygienist and dentist will get to know you and your unique concerns; provide an examination and risk assessment; and begin the development of your treatment plan.
- If you experience dental anxiety; have barriers to receiving treatment, such as cost; need clarification regarding understanding dental treatment/risks; or need help coordinating care with a specialist or your physician – our Patient Care Advocate will work with you and help you address your concerns.
- The ADC requests that you be considerate and respectful of our staffs' time and commitment to helping our members by providing at least a two (2) business day notice of a need to cancel your appointment. It is important to remember that we have blocked out time in our schedules, set up a room for your treatment, and are prepared to work with you. If you cancel without sufficient notice or do not show up for your appointment, the team cannot fill that time in the schedule for another Fund member on short notice. As such, the assets available to operate the office and treat our members are wasted.

Can I be refused or terminated as a patient of ADC?

There may be times when the ADC cannot accept you as a patient. We are committed to serving as many MPE Fund members as possible, and that requires a mutual commitment from our patients.

We ask that you commit to a continued long-term relationship with the ADC. This involves regular, customized visits with our prevention specialists (the hygiene team), as well as a commitment to your care plan. Consistency with your at-home oral care is also necessary to achieve and maintain better oral health.

- If you do not agree with our philosophy of treatment planning or appointment requirements, you should consider not taking advantage of the privilege of being a patient of the ADC.
- If you miss or cancel (without sufficient notice) two appointments, you may be dismissed as a patient of the ADC.
- If you refuse or neglect to follow the agreed upon treatment plan, you may be dismissed as a patient of the ADC.

Co-paid Services

The following services require a patient co-payment:

- Professional whitening
- Replacement mouthguards
- Replacement of lost/broken appliances

Services received at the ADC are not subject to an annual plan maximum.

Where do I receive specialty services that cannot be performed at the ADC?

Your ADC dentist will refer you to a specialist for specific service(s) that cannot be performed in our office. We have relationships with specialists in the Quincy/South Shore area and we will coordinate your care with those offices. You can also receive specialty services from any office you choose in accordance with the guidelines of your dental plan.

Specialty services that cannot currently be performed at the ADC include:

- Oral surgery
- Endodontics
- Periodontal surgery
- Implant services
- Orthodontics

Cosmetic services are not performed at the ADC.

What is the cost of services not performed at the ADC?

Services received outside of the ADC are subject to the guidelines and co-payments associated with the plan you are enrolled in with the MPE Fund (Exclusive Provider Network Plan or Indemnity Plan).

What is a cavity?

A cavity results from loss of minerals in a tooth. Specific bacteria in the mouth consume sugars and produce acid. Acid attack removes essential minerals from your tooth (demineralization). If there isn't enough protection for the tooth (healthy saliva with essential minerals), the enamel will eventually break down and cause a cavity. Cavities are preventable!

What is dental caries?

Caries refers to the process of tooth decay that may lead to a cavity. Tooth loss may result if left unchecked.

What is caries risk?

Risk is the chance that something will happen in the future. There are known disease indicators that increase a patient's risk of developing cavities. Certain protective factors reduce a patient's risk of developing cavities.

Disease indicators and risk factors include recent cavities, frequent snacking, family history of cavities, reduced saliva flow and orthodontic appliances.

Protective factors include proper diet, topical fluoride sources, adequate saliva flow, regular brushing and flossing, and use of xylitol.

A patient can reduce their risk of future cavities by decreasing the factors that contribute to the disease, and increasing protective factors.

Please visit mpefund.org for additional literature on tips to keep you and your baby healthy.

Do you have a child under age three?

The American Academy of Pediatric Dentistry recommends that children be seen by a dentist by twelve months of age. Even if your child is not experiencing dental problems, establishing a dental home is important for their overall health. Your dental professional examines your child's teeth and gums and makes recommendations for home care that will keep your child healthy.

In order for your child to be eligible for benefits under your MPE Vision and Dental Health Plans, you must enroll each child in your plan. You need to submit an enrollment form with a copy of the birth certificate. There is no cost to you when you add eligible dependents. Contact the MPE Fund office to inquire about your child's vision and dental health plan coverage for these important benefits.

MPE Schedule of Covered Services*

EPN Plan: you and your eligible dependents shall pay no more than the amounts listed under “EPN Patient will pay,” subject to all other plan limitations.

Indemnity Plan: the Fund will *reimburse* the amount listed under “Indemnity Plan Pay” for the following covered dental services, subject to all other plan limitations
Indemnity Plan Patients are responsible for the difference between the Indemnity Plan Pay and the dentist’s charges.

	EPN Patient will pay	Indemnity Plan Pay
Diagnostic		
D0120 Periodic oral examination - established patient (once every 6 consecutive months)	0	36.00
D0140 Limited oral evaluation - problem focused (no separate benefit will be paid if definitive treatment was performed within prior 30 days). Only two occurrences allowed in 12 months	0	62.00
D0145 Oral evaluation for a patient under three years of age and counseling with primary caregiver, once every 6 consecutive months until age 3	0	48.00
D0150 Comprehensive oral evaluation-new or established patient once every 60 consecutive months per dental office	0	55.00
D0160 Detailed and extensive oral evaluation - problem focused, by report	0	75.00
D0170 Re-evaluation - limited problem focused, by report	0	55.00
D0171 Re-evaluation - post-operative office visit	0	55.00
D0180 Comprehensive periodontal evaluation - new or established patient once every 60 consecutive months per dental office	0	80.00
D0210 Intraoral X-rays, comprehensive series once every 60 months	0	105.00
D0220 Intraoral periapical X-ray first film	0	21.00
D0230 Intraoral periapical X-ray each additional film	0	15.00
D0240 Intraoral - occlusal film	0	33.00
Bitewing X-rays, once every 6 consecutive months for dependents age 18 and under; once every 12 consecutive months for adults (not allowed less than 6 months after full mouth series):		
D0270 Bitewing single film	0	22.00
D0272 Bitewings two films	0	32.00
D0273 Bitewings three films	0	40.00
D0274 Bitewings four films	0	50.00
D0277 Vertical bitewings - 7 to 8 films	0	81.00
D0330 Panoramic film, once every 60 months	0	98.00
D0460 Pulp vitality tests	0	55.00

Indemnity Plan Patients are responsible for the difference between the Plan Pay and the dentist’s charges.

EPN Patients are responsible for the stated co-pay.

Preventive

	EPN Patient will pay	Indemnity Plan Pay
D1110 Prophylaxis (cleaning) adult, once every 6 consecutive months	0	86.00
D1120 Prophylaxis child, under age 14, once every 6 consecutive months	0	69.00
D1206 Topical fluoride varnish; therapeutic application for moderate to high caries risk patients, payable up to four times per year	0	33.00
D1208 Topical application of fluoride, payable up to four times per year	0	29.00
D1351 Sealant per tooth, only on unrestored permanent molars, once every 48 months for patients age 18 and under	0	48.00
D1352 Preventive resin restoration in a moderate to high risk patient-permanent tooth, once every 48 months	0	48.00
D1354 Application of caries arresting medicament - per tooth	0	15.00
Space maintainers, once per quadrant, per lifetime, age 14 and under:		
D1510 Space maintainer - fixed unilateral	0	300.00
D1516 Space maintainer - fixed bilateral, maxillary	0	411.00
D1517 Space maintainer - fixed bilateral, mandibular	0	411.00
D1520 Space maintainer - removable unilateral	0	291.00
D1526 Space maintainer - removable bilateral, maxillary	0	444.00
D1527 Space maintainer - removable bilateral, mandibular	0	444.00
D1551 Re-cement or re-bond bilateral space maintainer, maxillary once per appliance per lifetime	0	58.00
D1552 Re-cement or re-bond bilateral space maintainer, mandibular once per appliance per lifetime	0	58.00
D1553 Re-cement or re-bond unilateral space maintainer, per quadrant, once per appliance per lifetime	0	58.00
D1556 Removal of fixed unilateral space maintainer, per quadrant, once per appliance per lifetime	0	58.00
D1557 Removal of fixed bilateral space maintainer, maxillary once per appliance per lifetime	0	58.00
D1558 Removal of fixed bilateral space maintainer, mandibular once per appliance per lifetime	0	58.00
D1575 Distal shoe space maintainer - fixed - unilateral	0	304.00
D1999 Prescription fluoride toothpaste	0	17.00
D1999 Chlorhexidine	0	17.00
D1999 PPE	0	0.00
D4346 Scaling in presence of generalized moderate or severe gingival inflammation - full mouth, after oral evaluation	0	84.00
D4910 Periodontal maintenance, once every 3 months following active periodontal treatment	0	75.00

*Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Indemnity Plan Patients are responsible for the difference between the Plan Pay and the dentist's charges.

EPN Patients are responsible for the stated co-pay.

Restorative

Amalgam (silver) filling and composite resin (white) filling, once every 24 months on the same surface of the same tooth:

	EPN Patient will pay	Indemnity Plan Pay
D2140 Amalgam - one surface, primary or permanent	17.00	43.00
D2150 Amalgam - two surfaces, primary or permanent	22.00	51.00
D2160 Amalgam - three surfaces, primary or permanent	26.00	62.00
D2161 Amalgam - four or more surfaces, primary or permanent	31.00	80.00
D2330 Resin-based composite - one surface, front teeth	21.00	54.00
D2331 Resin-based composite - two surface, front teeth	27.00	64.00
D2332 Resin-based composite - three surfaces, front teeth	32.00	85.00
D2335 Resin-based composite - four or more surfaces, front teeth	41.00	102.00
D2390 Resin-based composite crown, front baby teeth only	55.00	102.00
D2391 Resin-based composite - one surface, posterior	26.00	54.00
D2392 Resin-based composite - two surfaces, posterior	50.00	64.00
D2393 Resin-based composite - three surfaces, posterior	61.00	85.00
D2394 Resin-based composite - four or more surfaces, posterior	71.00	102.00

Onlays, per tooth, once every 84 months:

D2543 Onlay - metallic - three surfaces	300.00	281.00
D2544 Onlay - metallic - four or more surfaces	400.00	306.00
D2643 Onlay - porcelain/ceramic - three surfaces	300.00	281.00
D2644 Onlay - porcelain/ceramic - four or more surfaces	350.00	306.00

Crowns, once per tooth every 84 months due to fracture or decay:

D2710 Crown - resin-based composite (indirect)	150.00	204.00
D2740 Crown - porcelain/ceramic substrate	425.00	342.00
D2750 Crown - porcelain fused to high noble metal	425.00	342.00
D2751 Crown - porcelain fused to predominantly Base metal	325.00	342.00
D2752 Crown - porcelain fused to noble metal	375.00	342.00
D2753 Crown - porcelain fused to titanium and titanium alloys	325.00	342.00
D2780 Crown - 3/4 cast high noble metal	400.00	306.00
D2781 Crown - 3/4 cast predominantly base metal	385.00	306.00
D2782 Crown - 3/4 cast noble metal	385.00	306.00
D2783 Crown - 3/4 porcelain/ceramic	385.00	306.00
D2790 Crown - full cast high noble metal	425.00	342.00
D2791 Crown - full cast predominantly base metal	325.00	342.00
D2792 Crown - full cast noble metal	375.00	342.00
D2794 Crown - titanium	425.00	342.00

Recement - once per item per lifetime when performed by same dental office:

D2910 Recement inlay, onlay, or partial coverage restoration	30.00	29.00
--	-------	-------

Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Indemnity Plan Patients are responsible for the difference between the Plan Pay and the dentist's charges.

EPN Patients are responsible for the stated co-pay.

	EPN Patient will pay	Indemnity Plan Pay
D2915 Recement cast or prefabricated post and core	30.00	43.00
D2920 Recement crown	30.00	43.00
D2929 Prefabricated porcelain/ceramic crown - primary tooth	85.00	92.00
D2930 Prefabricated stainless steel crown - primary tooth	85.00	92.00
D2931 Prefabricated stainless steel crown - permanent tooth	85.00	92.00
D2934 Prefabricated esthetic coated stainless steel crown, primary tooth	85.00	92.00
D2940 Protective restoration - direct placement of a restorative material to protect the tooth and/or tissue form, once per tooth per 60 months	30.00	33.00
D2941 Interim therapeutic restoration-primary dentition	30.00	33.00
D2950 Core buildup, including any pins, once per tooth every 84 months due to fracture or decay	80.00	91.00
D2951 Pin retention, per tooth not per pin, only with fillings	18.00	23.00
Post and core, in additions to crown, once per tooth every 84 months:		
D2952 Post and core in addition to crown, indirectly fabricated	140.00	136.00
D2954 Prefabricated post and core in addition to crown	110.00	100.00
D2971 Additional procedures to customize a crown to fit under an existing partial denture framework	85.00	51.00
D2980 Crown repair necessitated by restorative material failure once every 12 months, only after 24 months of initial insertion	65.00	97.00
D2982 Onlay repair necessitated by restorative material failure once every 12 months, only after 24 months of initial insertion	65.00	97.00

Endodontics

Endodontic treatments are once per tooth per lifetime:

D3220 Therapeutic pulpotomy (excluding final restoration), baby teeth only	30.00	51.00
D3221 Gross pulpal debridement, age 13 and under	30.00	33.00
D3310 Root canal therapy, anterior tooth (excluding final restoration)	165.00	219.00
D3320 Root canal therapy, bicuspid tooth (excluding final restoration)	180.00	270.00
D3330 Root canal therapy, molar tooth (excluding final restoration)	210.00	357.00
D3332 Incomplete endodontic therapy; inoperable, unrestorable or fractured tooth	50.00	46.00
D3346 Retreatment of previous root canal therapy, anterior tooth, by report	200.00	255.00
D3347 Retreatment of previous root canal therapy, bicuspid tooth, by report	300.00	306.00
D3348 Retreatment of previous root canal therapy, molar tooth, by report	400.00	383.00

Apicoectomy, once per root per lifetime:

D3410 Apicoectomy/periradicular surgery - anterior	115.00	235.00
D3421 Apicoectomy/periradicular surgery - bicuspid (first root)	135.00	242.00
D3425 Apicoectomy/periradicular surgery - molar (first root)	140.00	278.00

Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Indemnity Plan Patients are responsible for the difference between the Plan Pay and the dentist's charges.

EPN Patients are responsible for the stated co-pay.

	EPN Patient will pay	Indemnity Plan Pay
D3426 Apicoectomy/periradicular surgery (each additional root)	90.00	102.00
D3430 Retrograde filling - once per root per lifetime	40.00	71.00
D3450 Root amputation - once per root per lifetime	80.00	153.00
D3920 Hemisection (including any root removal), not including root canal therapy	85.00	112.00

Periodontics

Periodontic treatments are once every 36 months unless otherwise noted:

D4210 Gingivectomy or gingivoplasty - four or more contiguous teeth or tooth bounded spaces per quadrant	112.00	255.00
D4211 Gingivectomy or gingivoplasty - one to three teeth or tooth bounded spaces per quadrant	42.00	84.00
D4240 Gingival flap procedure, including root planing four or more contiguous teeth or tooth bounded spaces per quadrant	150.00	301.00
D4241 Gingival flap procedure, including root planing - one to three contiguous teeth or tooth bounded spaces per quadrant	80.00	112.00
D4249 Clinical crown lengthening - hard tissue, once every 84 months	170.00	316.00
D4260 Osseous surgery (including flap entry & closure) - four or more contiguous teeth or tooth bounded spaces per quadrant	220.00	408.00
D4261 Osseous surgery (including flap entry & closure) one to three contiguous teeth or tooth bounded spaces per quadrant	155.00	316.00
D4263 Bone replacement graft - first site in quadrant	100.00	78.00
D4264 Bone replacement graft - each additional site in quadrant	85.00	54.00
D4265 Biologic materials to aid in soft tissue and osseous tissue regeneration, per site	75.00	77.00
D4270 Pedicle soft tissue graft procedure	190.00	326.00
D4273 Subepithelial connective tissue grafts procedure, per tooth (including donor site surgery)	200.00	357.00
D4275 Soft tissue allograft	190.00	326.00
D4277 Free soft tissue graft procedure (including donor site surgery), first tooth or edentulous tooth position in graft	165.00	326.00
D4278 Free soft tissue graft procedure (including donor site surgery), each additional contiguous tooth or edentulous tooth position in same graft site	82.00	163.00
D4283 Autogenous connective tissue graft procedure (including donor and recipient surgical sites) first tooth, implant or edentulous tooth position	200.00	357.00
D4285 Non-autogenous connective tissue graft procedure (including recipient surgical site and donor material) - each additional contiguous tooth, implant or edentulous tooth position in the same graft site	100.00	180.00
D4341 Periodontal scaling and root planing - four or more disease teeth per quadrant, once every 24 months	40.00	73.00

Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Indemnity Plan Patients are responsible for the difference between the Plan Pay and the dentist's charges.

EPN Patients are responsible for the stated co-pay.

	EPN Patient will pay	Indemnity Plan Pay
D4342 Periodontal scaling and root planing - one to three disease teeth per quadrant, once every 24 months	25.00	43.00
D4355 Full mouth debridement to enable comprehensive periodontal evaluation and diagnosis on a subsequent visit, once per lifetime	30.00	94.00

Prosthodontics – removable

Prosthodontics include routine post-delivery care and are once every 84 months unless otherwise noted:

D5110 Complete denture - maxillary, once every 60 months	150.00	406.00
D5120 Complete denture - mandibular, once every 60 months	150.00	406.00
D5130 Immediate complete denture - maxillary, once every 60 months	150.00	406.00
D5140 Immediate complete denture - mandibular, once every 60 months	150.00	406.00
D5211 Partial denture - resin base maxillary	250.00	347.00
D5212 Partial denture - resin base mandibular	250.00	347.00
D5213 Partial denture - cast metal framework with resin denture bases maxillary	410.00	500.00
D5214 Partial denture - cast metal framework with resin denture bases mandibular	410.00	500.00
D5221 Immediate partial denture - resin base maxillary (including any conventional clasps, rests and teeth)	250.00	347.00
D5222 Immediate partial denture - resin base mandibular (including any conventional clasps, rests and teeth)	250.00	347.00
D5223 Immediate partial denture - cast metal framework with resin denture bases maxillary (including any conventional clasps, rests and teeth)	410.00	500.00
D5224 Immediate partial denture - cast metal framework with resin denture bases mandibular (including any conventional clasps, rests and teeth)	410.00	500.00
D5225 Partial denture - flexible base maxillary	360.00	342.00
D5226 Partial denture - flexible base mandibular	360.00	342.00
D5227 Immediate partial denture - flexible base (including clasps, rests and teeth) maxillary	250.00	347.00
D5228 Immediate partial denture - flexible base (including clasps, rests and teeth) mandibular	250.00	347.00
D5282 Removable unilateral partial denture - one piece cast metal (including clasps and teeth) maxillary	175.00	237.00
D5283 Removable unilateral partial denture - one piece cast metal (including clasps and teeth) mandibular	175.00	237.00
D5284 Removable unilateral partial denture - one piece flexible base (including clasps and teeth) - per quadrant	175.00	237.00
D5286 Removable unilateral partial denture - one piece resin (including clasps and teeth) - per quadrant	175.00	237.00
D5410 Adjust complete denture - maxillary	15.00	28.00
D5411 Adjust complete denture - mandibular	15.00	28.00

Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Indemnity Plan Patients are responsible for the difference between the Plan Pay and the dentist's charges.

EPN Patients are responsible for the stated co-pay.

	EPN Patient will pay	Indemnity Plan Pay
D5421 Adjust partial denture - maxillary	15.00	28.00
D5422 Adjust partial denture - mandibular	15.00	28.00
Repairs are once every 12 months unless otherwise noted:		
D5511 Repair broken complete denture base, mandibular	40.00	56.00
D5512 Repair broken complete denture base, maxillary	40.00	56.00
D5520 Replace missing or broken teeth complete denture (each tooth)	30.00	43.00
D5611 Repair resin denture base, mandibular	30.00	54.00
D5612 Repair resin denture base, maxillary	30.00	54.00
D5621 Repair cast framework, mandibular	50.00	54.00
D5622 Repair cast framework, maxillary	50.00	54.00
D5630 Repair or replace broken clasp	50.00	61.00
D5640 Replace broken teeth - per tooth	30.00	45.00
D5650 Add tooth to existing partial denture	40.00	54.00
D5660 Add clasp to existing partial denture	45.00	64.00
D5670 Replace all teeth and acrylic on cast metal framework (maxillary), once every 84 months	225.00	255.00
D5671 Replace all teeth and acrylic on cast metal framework (mandibular), once every 84 months	225.00	255.00
Rebase are once every 36 months, Reline are once every 12 months:		
D5710 Rebase complete maxillary denture	100.00	148.00
D5711 Rebase complete mandibular denture	100.00	148.00
D5720 Rebase maxillary partial denture	100.00	148.00
D5721 Rebase mandibular partial denture	100.00	148.00
D5725 Rebase hybrid prosthesis	100.00	148.00
D5730 Reline complete maxillary denture (chairside)	25.00	150.00
D5731 Reline complete mandibular denture (chairside)	25.00	150.00
D5740 Reline maxillary partial denture (chairside)	25.00	150.00
D5741 Reline mandibular partial denture (chairside)	25.00	150.00
D5750 Reline complete maxillary denture (laboratory)	25.00	150.00
D5751 Reline complete mandibular denture (laboratory)	25.00	150.00
D5760 Reline maxillary partial denture (laboratory)	25.00	150.00
D5761 Reline mandibular partial denture (laboratory)	25.00	150.00
D5765 Soft liner for complete or partial removable denture - indirect	125.00	148.00
Prosthodontics – fixed		
Procedure Codes D6010 and D6013 are eligible for a separate “implant annual plan maximum”. See page 14 for more information.		
D6010 Surgical placement of implant body: endosteal implant (this code includes second stage surgery and placement of healing cap where indicated)	750.00	454.00

Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Indemnity Plan Patients are responsible for the difference between the Plan Pay and the dentist's charges.

EPN Patients are responsible for the stated co-pay.

	EPN Patient will pay	Indemnity Plan Pay
D6013 Surgical placement of mini implant	400.00	227.00
D6056 Prefabricated abutment (includes modification & placement)	300.00	179.00
D6057 Custom abutment (includes placement)	350.00	179.00
D6058 Abutment supported porcelain/ceramic crown	500.00	357.00
D6059 Abutment supported porcelain fused to metal crown (high noble metal)	500.00	357.00
D6060 Abutment supported porcelain fused to metal crown (base metal)	500.00	357.00
D6061 Abutment supported porcelain fused to metal crown (noble metal)	500.00	357.00
D6062 Abutment supported cast metal crown (high noble metal)	500.00	357.00
D6063 Abutment supported cast metal crown (base metal)	500.00	357.00
D6064 Abutment supported cast metal crown (noble metal)	500.00	357.00
D6065 Implant supported porcelain/ceramic crown	500.00	357.00
D6066 Implant supported porcelain fused to metal crown (titanium, titanium alloy, high noble metal)	500.00	357.00
D6067 Implant supported metal crown (titanium, titanium alloy, high noble metal)	500.00	357.00
D6069 Abutment supported retainer for porcelain fused to metal FPD (high noble metal)	500.00	357.00
D6070 Abutment supported retainer for porcelain fused to metal FPD (predominantly base metal)	500.00	357.00
D6071 Abutment supported retainer for porcelain fused to metal FPD (noble metal)	500.00	357.00
D6082 Implant supported crown - porcelain fused to predominantly base alloys	500.00	357.00
D6083 Implant supported crown - porcelain fused to noble alloys	500.00	357.00
D6084 Implant supported crown - porcelain fused to titanium and titanium alloys	500.00	357.00
D6086 Implant supported crown - predominantly base alloys	500.00	357.00
D6087 Implant supported crown - noble alloys	500.00	357.00
D6088 Implant supported crown - titanium and titanium alloys	500.00	357.00
D6092 Recement implant/abutment supported crown	40.00	43.00
D6093 Recement implant/abutment supported fixed partial denture	30.00	43.00
D6094 Abutment supported crown – titanium	500.00	342.00
D6097 Abutment supported crown – porcelain fused to titanium and titanium alloys	500.00	357.00
D6098 Abutment supported crown – porcelain fused to predominantly base alloys	325.00	342.00
D6099 Implant supported retainer for FPD porcelain fused to noble alloys	375.00	243.00
D6100 Surgical removal of implant body	45.00	82.00

Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Indemnity Plan Patients are responsible for the difference between the Plan Pay and the dentist's charges.

EPN Patients are responsible for the stated co-pay.

	EPN Patient will pay	Indemnity Plan Pay
D6104 Bone graft at time of implant placement	100.00	78.00
D6105 Removal of implant body not requiring bone removal or flap elevation	26.00	41.00
D6120 Implant supported retainer - porcelain fused to titanium and titanium alloys	375.00	243.00
D6121 Implant supported retainer for FPD - predominantly base alloys	375.00	243.00
D6122 Implant supported retainer for metal FPD - noble alloys	375.00	243.00
D6123 Implant supported retainer for metal FPD - titanium and titanium alloys	375.00	243.00
D6194 Abutment supported retainer crown for FPD (titanium)	500.00	342.00
D6195 Abutment supported retainer - porcelain fused to titanium and titanium alloys	500.00	357.00
D6197 Replacement of restorative material used to close access opening of screw retained implant	26.00	54.00
D6210 Pontic - cast high noble metal	425.00	342.00
D6211 Pontic - cast predominantly base metal	325.00	342.00
D6212 Pontic - cast noble metal	375.00	342.00
D6214 Pontic - titanium	425.00	342.00
D6240 Pontic - porcelain fused to high noble metal	425.00	342.00
D6241 Pontic - porcelain fused to predominantly base metal	425.00	342.00
D6242 Pontic - porcelain fused to noble metal	375.00	342.00
D6243 Pontic - porcelain fused to titanium and titanium alloys	375.00	342.00
D6245 Pontic - porcelain/ceramic	425.00	342.00
D6545 Retainer - cast metal for resin bonded fixed prosthesis (Maryland bridge)	125.00	190.00
D6549 Resin retainer - for resin bonded fixed prosthesis	125.00	190.00
D6740 Crown - porcelain/ceramic	425.00	342.00
D6750 Crown - porcelain fused to high noble metal	425.00	342.00
D6751 Crown - porcelain fused to predominantly base metal	325.00	342.00
D6752 Crown - porcelain fused to noble metal	375.00	342.00
D6753 Retainer Crown - porcelain fused to titanium and titanium alloys	400.00	400.00
D6783 Retainer Crown ³ / ₄ - porcelain/ceramic	425.00	342.00
D6784 Retainer Crown ³ / ₄ - titanium and titanium alloys	425.00	342.00
D6790 Crown - full cast high noble metal	425.00	342.00
D6791 Crown - full cast predominantly base metal	325.00	342.00
D6792 Crown - full cast noble metal	425.00	342.00
D6794 Crown - titanium	425.00	342.00
D6930 Recement fixed bridge	30.00	43.00
D6980 Fixed partial denture repair, by report	65.00	97.00

Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Indemnity Plan Patients are responsible for the difference between the Plan Pay and the dentist's charges.

EPN Patients are responsible for the stated co-pay.

Oral surgery

	EPN Patient will pay	Indemnity Plan Pay
D7111 Extraction, coronal remnants - deciduous tooth	20.00	32.00
D7140 Extraction, erupted tooth or exposed root (elevation and/or forceps removal)	26.00	41.00

Orthodontics (braces)		
Once per lifetime per person	p.65	p.66

Fee schedule is for reference only. Procedures may be subject to additional limitations and exclusions not stated herein. As such, a pre-treatment estimate is highly recommended.

Orthodontics (braces)

EPN Plan

Patients must receive treatment from an EPN plan-approved orthodontist to receive the benefit.

All orthodontic cases must be pre-approved. Your MPE EPN Plan approved orthodontist must submit a pre-treatment estimate to the MPE Unit at Delta Dental of Massachusetts **prior to the start of the treatment.** Once the pre-treatment is reviewed, you will receive an Explanation of Benefits (EOB) statement with the approved level of treatment. *Cases not approved prior to the start of treatment may not be a covered benefit.*

The level of treatment approved will be based on the appropriate American Dental Association definition, case complexity and length of treatment. The Fund pays the orthodontist in periodic payments.

You will pay:

Orthodontic Diagnostic Workup	175.00
Orthodontic Treatment (Class I, Class II, and Class III Malocclusion)	
Case 1: Limited	890.00
Case 2: Comprehensive:	
Level A	1,140.00
Level B	1,310.00
Level C	1,480.00
Level D	1,650.00
Level E	1,820.00
Level F	2,710.00

- Treatment not received from an MPE EPN plan approved orthodontist is not a covered benefit.
- If you had Case 1 service at any time prior to being enrolled in the MPE EPN Plan, and regardless of what dental insurance you had at that time, the amount paid by your prior insurance will be deducted from any payment approved for a MPE EPN Case 2. If the payment made for these prior services exceeded the MPE EPN approved payment for the Case 2 level, no payment will be made.
- Patients must agree to complete their treatment with the same orthodontist. The patient co-payment will not be guaranteed if you change to a new orthodontist during the course of treatment, nor can any payments be made by the Fund to a second orthodontist.

Important Note: *The estimated co-payments listed above are only applicable for traditional braces. They are not applicable if the patient is receiving Invisalign (clear aligners). The orthodontist may charge the patient the additional costs involved with Invisalign treatment. The patient should discuss this option with the orthodontist prior to starting treatment.*

Indemnity Plan Orthodontic Coverage

The maximum reimbursement per individual, per lifetime is \$1,200.00.

Your orthodontic benefit is based on the total case fee and the estimated length of treatment submitted by your dental provider. Benefits are subject to a 50% co-payment and a \$1,200 lifetime maximum per patient, regardless of what coverage, if any, you had on the original treatment date. Orthodontic benefits are also subject to verification of continuing treatment and eligibility.

Limitations and Exclusions under all Orthodontic Plans

- Orthodontic treatment that began prior to the date on which you became eligible for MPE Fund benefits is not a covered benefit.
- If you change your dental plan enrollment or terminate coverage before the orthodontic treatment is completed or before all Fund periodic payments have been made, no further payments will be made by the Fund.
- No additional coverage will be provided for patients that do not comply with the agreed-upon treatment plan. Successful orthodontic treatment requires the patient to keep regularly scheduled appointments, to maintain good oral health, and to follow specific instructions of the orthodontist.
- Each Orthodontic Case is considered once per lifetime, per patient, regardless of what coverage, if any, you had on the original treatment date.
- All mail-order or self-administered orthodontic treatment kits are not a covered benefit under the MPE Fund Plans.

The MPE Fund Board of Trustees is committed to offering a dental benefit program that contributes to improving the oral health of Fund members and their families. The Trustees are continually exposed to current research regarding the causes and treatment of dental disease. With the opening of our own dental office, the Alliance Dental Center in Quincy, we are also learning about approaches that can help all of our members reduce disease risk and improve their overall health. Among these are:

- Regular preventive care is very important so that your dental team can monitor any changes and address any concerns right away. This may help preserve sound tooth structure and reduce the need for future restorative treatment.
- Some prescription medications can cause dry-mouth, and healthy saliva is important for good oral health. Patients need to discuss all their medical issues with their dental team so any risk factors can be identified.
- There are products that can be provided by your dental team if you have risk factors, including MI Paste and fluoride toothpaste. There is also a product called xylitol. Xylitol helps prevent cavities! Xylitol is a 100% natural product. It is a sweetener that occurs naturally and can be found in berries, fruits, vegetables and mushrooms. It also occurs naturally in our bodies. Pure xylitol looks and tastes like sugar, however it is considered a "sugar-free" sweetener. Xylitol is a safe sweetener for foods. There are many dental products that use xylitol, such as toothpaste, oral rinses, gum and mints. Use of these products is proven to reduce tooth decay disease. Xylitol products are sold online and in retail stores.

Enhancements to the benefits extended to our members are based on the most recent, validated evidence that has been proven to address the risk factors known to cause tooth decay. As we have learned more about the causes of tooth decay and gum disease, the Trustees have been better able to design benefits and programs that offer preventive treatments to patients with risk factors for these diseases.

In addition to a comprehensive dental health care benefit plan, unique programs are developed by the MPE Fund and provided exclusively for our members. We are proud to be able to offer these extremely valuable benefits that are not covered by most other dental programs.

Prenatal Care

Tooth decay is the result of a transmitted bacterial infection. Current research has shed light on the direct relationship between the oral health of mothers and their children. Higher levels of bacteria that cause tooth decay (mutans streptococci and lactobacilli) in mothers is associated with an increased presence of caries (cavities) in their children. The results of this study were published in the *Journal of Dental Research* (March 2014, Vol. 99:3, pp. 238-244).

The Trustees want to keep your baby tooth-decay free for their life. We understand the importance of preventive care for the mom-to-be so that any active disease can be controlled and the bacteria not transmitted to the baby.

If you are pregnant, or plan to become pregnant, we encourage you to discuss your oral health with your dentist or physician. Also, call the MPE Fund office to receive a free sample of xylitol mints. If your dentist feels you need additional preventive therapies that are not covered under the MPE Fund dental plan, call the Fund to learn about how to receive those additional therapies.

Early Childhood Dental Care — Dental Home Program

Childhood caries (cavities) is a preventable, infectious disease caused by specific acid-producing bacteria. It is the result of an untreated, transmitted bacterial infection. Bacteria are usually passed from a mother or other caregiver to a child via saliva.

The MPE Fund realizes how important it is to begin promoting good oral health at an early age.

- If you are pregnant, make sure you visit the dentist before your baby is born to learn what you can do to reduce your chance of transmitting tooth decay.
- If you are a parent of a young child, please make sure you have enrolled them in your vision and dental health care plans. There is no cost to you to enroll eligible dependents.

In order to prevent dental problems, your child should see a dentist when the first tooth appears or no later than their first birthday. Specific treatment is generally not performed at this visit; rather the visits create a “dental home” for your child. A “dental home” gives your child the opportunity to become comfortable in a dental setting and the dentist will get to know your child and any concerns you may have regarding their oral health.

If your child is over the age of one, and has previously received restorative services from an MPE Exclusive Provider Network (EPN) dentist, we will be working with that dentist to reach out to you to encourage you to bring your child back to the dentist for recommended preventive services.

Tufts Special Needs Program

The MPE Fund has partnered with Tufts Dental Facilities (TDF) and Delta Dental of Massachusetts to better serve our members with special needs. The partnership will allow Fund members, who meet the eligibility requirements for the developmentally disabled as determined by Massachusetts law, to receive individualized care based on their risk for dental disease and current oral health status. The providers in the facilities are qualified and have been trained in assessing a patient’s level of risk for developing dental disease and in providing appropriate care.

Since many patients with special needs have high risk factors for dental disease, they may require additional preventive therapies not normally covered by insurance plans.

In addition to the benefits available to members enrolled in either the MPE Indemnity or Exclusive Provider Network (EPN) Plan, members who qualify for treatment in the TDF are also eligible for additional preventive therapies as determined by your TDF provider. All co-payments and plan year maximums outlined in the EPN Plan and Indemnity Plan descriptions will be in effect.

Final eligibility will be determined by the facility using the specified criteria for developmental disabilities outlined in Massachusetts law.

To learn more about the facility locations in your area and to receive more information please call the MPE Unit at (800) 553-6277.

Orthodontic (Braces) CAMBRA Program

CAMBRA stands for Caries Management by Risk Assessment. It is a method for assessing caries (cavity) risk and making treatment recommendations based on an individual patient’s risk for cavities. Patients in orthodontic (braces) treatment are at higher risk of developing cavities in the future.

If plaque, a sticky, colorless film, accumulates around your braces, it can leave permanent white stains on your teeth called decalcification (white spot lesions). Lines and spots from decalcification will remain on your teeth for life. This may result in restorative treatment after the braces are removed.

Orthodontic treatment always requires following the orthodontist’s instructions, keeping scheduled orthodontic appointments and maintaining excellent oral hygiene to achieve the best results. You will also need to see your general dentist as recommended to continue your general dental care. You as the patient play a key part in your oral health.

Your MPE Fund dental plan will cover the following additional benefits while you are in active orthodontic treatment:

- Oral evaluations will be covered once every four months while you are in active orthodontic treatment, rather than once every six months. If your dentist feels it is necessary for you to have more frequent cleanings, you will be eligible to have a cleaning every four months as well.
- Payment for fluoride varnish, prescription fluoride toothpaste, and MI Paste are paid by the Fund when dispensed by your dentist at a covered oral evaluation appointment.

MPE Fund Cancer Treatment Program

Head and neck radiation and chemotherapy help treat cancer, but they can also have side effects. Some of these side effects can affect the mouth and could cause you to delay or stop your cancer treatment.

To help prevent serious problems, see a dentist prior to starting chemotherapy or radiation. Your dentist should work with your oncologist to determine appropriate and necessary treatment.

The MPE Fund may provide additional preventive benefits for patients undergoing chemotherapy and radiation. All co-payments and plan year maximums under the plan guidelines will be in effect. For more information please call the MPE Unit at (800) 553-6277.

Limitations and Exclusions — All Dental Plans

The Fund provides benefits only for necessary and appropriate services.

The Fund provides benefits for a covered dental service that is determined by our third-party administrator (Delta Dental of Massachusetts) to be necessary and appropriate to diagnose or treat your dental condition. To be necessary and appropriate, a service must be consistent with the prevention of oral disease or with the diagnosis and treatment, on (1) those teeth that are decayed or fractured or (2) those teeth where supporting periodontium is weakened by disease, in accordance with standards of good dental practice and not solely for your convenience or the convenience of your dentist.

Delta Dental of Massachusetts determines what is necessary and appropriate based on a review of your dental records describing your condition and treatment. **It may be determined that a service is not necessary and appropriate even if your dentist has furnished, prescribed, ordered, recommended or approved that service.**

If this booklet does not expressly provide for a benefit or service, such benefit or service shall not be covered under the plan. By way of example, your expenses will not be covered and no benefits will be paid by the Fund for:

- dental treatment for which an alternate course of treatment is recommended based on materials and methods of treatment which cost the least and which meet generally accepted dental standards. You may be reimbursed only the benefit allowed on the procedures specified under this alternate course of treatment;
- treatment for the dental condition known as temporomandibular joint (TMJ) syndrome;
- dental treatment, including orthodontics, which commenced prior to the date on which the member or dependent became eligible for benefits or for dental treatment which continues after the date on which eligibility is terminated;
- dental treatment which is meant primarily to change or improve your appearance (cosmetic);
- restorations for reasons other than decay or fracture, such as erosion, abrasion, or attrition;
- transplants or laminate veneers;
- replacement of dentures, bridges, space maintainers or periodontal appliances due to theft, loss, or breakage;
- claims submitted to Delta Dental of Massachusetts more than one year from the date on which you received dental treatment;
- charges for services received after your annual plan maximum has been reached, excluding eligible preventive, diagnostic, periodontal scaling and root planing, and orthodontic services;
- repair of crown or fixed partial denture if less than 24 months after initial placement;
- more than one periodontal surgical procedure per quadrant in a 36 month period;

- any portion of your dental expenses which are payable under any other dental or medical plan. You must inform the MPE Unit at Delta Dental of MA if your family has another dental insurance plan. The Fund will coordinate your total benefits in those cases where another family member has their own dental insurance. When benefits are coordinated, your children's primary insurance plan will be the plan of the parent whose birthday comes earlier in the calendar year;
- treatment performed by anyone other than a duly licensed dentist, except for services performed by a licensed dental hygienist or dental assistant under the supervision of a licensed dentist in accordance with state laws;
- a dentist's charge to you for any appointment which you miss;
- dental treatment due to accidental bodily injuries in the course of employment, or due to sickness resulting from an occupational disease, for which the member or dependent is entitled to benefits under applicable Workers Compensation Law, occupational disease law, or similar legislation, except as mandated by law;
- dental treatment performed in a hospital owned and operated by the United States Government, or performed elsewhere at the expense of the Federal Government;
- any dental services and supplies for which you or your dependents are not required to pay or charges that would not have been made if no Fund coverage was available;
- dental treatment received which is subject to stated time limitations if received more frequently than the stated time limitations allow, regardless of what coverage, if any, was in effect at the time of the original treatment;
- travel time and related expenses;
- dietary advice and instructions in dental hygiene including methods of tooth brushing, the use of dental floss, plaque control programs and caries susceptibility tests;
- a service, supply or procedure to increase the height of teeth (increase vertical dimension) or restore occlusion;
- services, supplies or appliances to stabilize teeth when required due to periodontal disease such as periodontal splinting;
- dental treatment which is determined to be inappropriate per CAMBRA protocols based on your assessed risk of disease.

Please be advised that procedure codes are subject to change during the Plan Year.

Important Note: Some services indicate that they are a covered benefit only once during the stated period of time (e.g., a crown is payable once every 84 months). If you have previously received any of these services, no benefits will be payable if you receive the same service again within the stated period of time—even if you were not a member of the Fund, and regardless of what coverage you may have had (if any), on the original treatment date. For example, if you had a crown (regardless of the type or material used) on July 1, 2017, you will not be eligible for another crown on the same tooth until an 84 month period has elapsed (July 1, 2024). Again, this rule applies even if you were not a member of the Fund, and regardless of what coverage you may have had (if any), on July 1, 2017. **To avoid any unexpected costs you should discuss any prior treatment received with your dentist and submit a pre-treatment estimate.**

Member Notice of Privacy Practices

This notice describes how health information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

By law, the Massachusetts Public Employees Fund Plan (herein after "the Fund") is required to maintain the privacy of your personal health information and to provide you with notice of its legal duties and privacy practices with respect to your health information. If you have questions about any part of this Notice, or if you want more information about the privacy practices at the Fund, please contact the Fund's Privacy Officer at:

Massachusetts Public Employees Fund
ATTN: Privacy Officer
PO Box 3319, Peabody, MA 01961-3319
(800) 325-5214 MPE_privacy@mpefund.org

The Fund is also required to give you this notice to tell you how the Fund may use and disclose your personal health information held by the Fund. Information held by the Fund includes information regarding claims paid or denied for payment by the Fund for vision and dental health services you have received, or other information used to resolve appeals.

How the Fund may use or disclose your health information

The following categories describe ways that the Fund may use and disclose your health information. For each category of uses and disclosures, we will explain what we mean and/or present some examples. Not every use or disclosure in a category will be listed. However, all the ways we are permitted to use and disclose information will fall within one of these categories.

- **Payment Functions.** The Fund may use or disclose health information about you to determine eligibility for plan benefits, obtain premiums, facilitate payment for the treatment and services you receive from health care providers, determine plan responsibility for payments, and to coordinate benefits. Health information may be shared with other government programs such as Medicare, Medicaid, or private insurance to manage your benefits and payments. For example, payment functions may include the medical necessity of health care services, determining whether a particular treatment is experimental or investigational, or determining whether a treatment is covered under your plan.

- **Health Care Operations.** The Fund may use or disclose health information about you to carry out necessary insurance-related activities. For example, such activities may include underwriting, premium rating and other activities relating to plan coverage; conducting quality assessment and improvement activities; submitting claims for stop-loss coverage; conducting or arranging for medical review, legal services, audit services, and fraud and abuse detection programs; and business planning, management and general administration.
- **Treatment.** The Fund may use or disclose your health information to a dentist or other health care provider to treat you. For example, we may disclose health care information to doctors, dental hygienists, technicians, optometrists, opticians, or other personnel, including people outside our office, who are involved in your medical care and need the information to provide you with dental and/or vision care.
- **Required by Law.** As required by law, we may use and disclose your health information. For example, we may disclose dental and/or vision information when required by a court order in a litigation proceeding such as a malpractice action.
- **Data Breach Notification Purposes.** The Fund may use or disclose your Protected Health Information to provide legally required notices of unauthorized access to or disclosure of your health information.
- **Public Health.** Information may be reported to a public health authority or other appropriate government authority authorized by law to collect or receive information for purposes related to: preventing or controlling disease, injury, or disability; reporting child abuse or neglect; reporting domestic violence; reporting to the Food and Drug Administration problems with products and reactions to medications; and reporting disease or infection exposure.
- **Health Oversight Activities.** We may disclose your health information to health agencies during the course of audits, investigations, inspections, licensure and other proceedings related to oversight of the health care system.
- **Judicial and Administrative Proceedings.** We may disclose your health information in the course of any administrative or judicial proceeding.
- **Law Enforcement.** We may disclose your health information to a law enforcement official for purposes such as identifying or locating a suspect, fugitive, material witness or missing person, complying with a court order or subpoena and other law enforcement purposes.
- **Public Safety.** We may disclose your health information to appropriate persons in order to prevent or lessen a serious and imminent threat to the health or safety of a particular person or the general public.

- **Coroners, Medical Examiners and Funeral Directors.** We may release health information to a coroner or medical examiner. This may be necessary, for example, to identify a deceased person or determine the cause of death. We also may release health information to funeral directors as necessary for their duties.
- **National Security and Protective Services for the President and Others.** We may release health information to authorized federal officials for intelligence, counter-intelligence, and other national security activities authorized by law. We may also disclose health information to authorized federal officials so they may provide protection to the President, other authorized persons or foreign heads of state or to conduct special investigations.
- **Inmates or Individuals in Custody.** If you are an inmate of a correctional institution or under the custody of a law enforcement official, we may release health information to the correctional institution or law enforcement official. This release would be if necessary: (1) for the institution to provide you with health care; (2) to protect your health and safety or the health and safety of others; or (3) the safety and security of the correctional institution.
- **Worker's Compensation.** We may disclose your health information as necessary to comply with worker's compensation or similar laws.
- **Marketing.** We may contact you to give you information about health-related benefits and services that may be of interest to you. If we receive compensation from a third party for providing you with information about other products or services (other than drug refill reminders or generic drug availability), we will obtain your authorization to share information with this third party.
- **Business Associates.** We may disclose health information to our business associates that perform functions on our behalf or provide us with services if the information is necessary for such functions or services. For example, we may use another company to perform billing services on our behalf. All of our business associates are obligated to protect the privacy of your information and are not allowed to use or disclose any information other than as specified in our contract.
- **Organ and Tissue Donation.** If you are an organ donor, we may use or release health information to organizations that handle organ procurement or other entities engaged in procurement, banking or transportation of organs, eyes or tissues to facilitate organ, eye or tissue donation and transplantation.
- **Military and Veterans.** If you are a member of the armed forces, we may release health information as required by military command authorities. We also may release Health

Information to the appropriate foreign military authority if you are a member of a foreign military.

- **Disclosures to Plan Sponsor (Board of Trustees)** We may disclose your health information to the Fund's Board of Trustees, for purposes of administering benefits under the plan.
- **Research.** Under certain circumstances, and only after a special approval process, we may use and disclose your health information to help conduct research.

Uses and disclosures that require the Fund to give you an opportunity to object

- **Individuals Involved in Your Care or Payment for Your Care.** Unless you object, we may disclose to a member of your family, a relative, a close friend or any other person you identify, your Protected Health Information that directly relates to that person's involvement in your health care. If you are unable to agree or object to such a disclosure, we may disclose such information as necessary if we determine that it is in your best interest based on our professional judgment.
- **Disaster Relief.** We may disclose your Protected Health Information to disaster relief organizations that seek your Protected Health Information to coordinate your care, or notify family and friends of your location or condition in a disaster. We will provide you with an opportunity to agree or object to such a disclosure whenever we practically can do so.

Uses and disclosures that require your written authorization

The Fund must generally obtain your written authorization (each of these include defined exceptions under which the Fund uses or discloses your Protected Health Information for these purposes without your authorization) before using or disclosing:

1. Psychotherapy notes about you from your psychotherapist;
2. Protected Health Information for marketing purposes; and
3. Disclosures that constitute a sale of your Protected Health Information.

Other uses and disclosures of Protected Health Information not covered by this Notice or the laws that apply to us will be made only with your written authorization. If you do give us an authorization, you may revoke it at any time by submitting a written revocation to our **Privacy Officer** and we will no longer disclose Protected Health Information under the authorization. But disclosure that we made in

Member Notice of Privacy Practices continued

reliance on your authorization before you revoked it will not be affected by the revocation.

Additionally, the Fund is prohibited from using or disclosing (and does not use or disclose) genetic information for underwriting purposes, including determination of benefit eligibility. If we obtain any health information for underwriting purposes and the policy or contract of health insurance or health benefits is not written with us or not issued by us, we will not use or disclose that health information for any other purpose, except as required by law.

Disclosing only the minimum necessary Protected Health Information

When using or disclosing Protected Health Information or when requesting Protected Health Information from another covered entity, the Fund will make reasonable efforts not to use, disclose or request more than the minimum amount of Protected Health Information necessary to accomplish the intended purpose of the use, disclosure or request, taking into consideration practical and technological limitations.

The minimum necessary standard will **not** apply in the following situations:

1. Disclosures to or requests by a health care provider for treatment;
2. Uses or disclosures made to you;
3. Uses or disclosures required by law;
4. Uses or disclosures required for the Fund's compliance with legal regulations; and
5. Disclosures made to the Secretary of the U.S. Department of Health and Human Services.

Statement of your Health Information Rights

- **Right to Request Restrictions.** You have the right to request restrictions on certain uses and disclosures of your health information. The Fund is not required to agree to the restrictions that you request. If you would like to make a request for restrictions, you must submit your request in writing to the Privacy Officer at the address listed previously. We will let you know if we can comply with the restriction or not.
- **Right to Request Confidential Communications.** You have the right to receive your health information through a reasonable alternative

means or at an alternative location. To request confidential communications, you must submit your request in writing to the Privacy Officer at the address listed previously. We are not required to agree to your request. However, the Fund will accommodate reasonable requests.

- **Right to Inspect and Copy.** You have the right to inspect and receive an electronic or paper copy of health information about you that may be used to make decisions about your plan benefits. To inspect and copy such information, you must submit your request in writing to the **Privacy Officer** at the address listed previously. The Fund must provide the requested information within 30 days. A single 30-day extension is allowed if the Fund is unable to comply with the deadline and if the Fund provides you with a notice of the reason for the delay and the expected date by which the requested information will be provided. If you request a copy of the information, we may charge you a reasonable fee to cover expenses associated with your request. If access is denied, you or your personal representative will be provided with a written denial setting forth the basis for the denial, a description of how you may exercise those review rights and a description of how you may complain to the Secretary of the U.S. Department of Health and Human Services.
- **Right to Request Amendment.** You have a right to request that the Fund amend your health information that you believe is incorrect or incomplete. The Fund has 60 days after receiving your request to act on it. The Fund is allowed a single 30-day extension if the Fund is unable to comply with the 60-day deadline. The Fund is not required to change your health information. If the Fund denies your request in whole or part, the Fund must provide you with a written denial that explains the basis for the decision. You or your personal representative may then submit a written statement disagreeing with the denial and have that statement included with any future disclosures of your Protected Health Information. To request an amendment, you must make your request in writing to **Privacy Officer** at the address listed previously.
- **Right to Accounting of Disclosures.** You have the right to receive a list or "accounting of disclosures" of your health information made by us in the past six years, except that we do not have to account for disclosures made for purposes of payment functions, carrying out treatment or health care operations, disclosures made to you, or disclosures made before the privacy rule compliance date. To request this accounting of disclosures, you must submit your request in writing to **Privacy Officer** at the address listed previously. The Fund has 60 days to provide the accounting. The Fund is allowed an additional 30

days if the Fund gives you a written statement of the reasons for the delay and the date by which the accounting will be provided. The Fund will provide one list per 12 month period free of charge; we may charge you for additional lists.

- **Right to a Copy.** You have a right to receive a paper copy of the Notice of Privacy Practices at any time. This right applies even if you have agreed to receive the Notice electronically. You may obtain a copy of this Notice at our web site, www.mpefund.org. To obtain a paper copy of the Notice, send your written request to **Privacy Officer** at the address listed previously.
- **Right to be Notified of a Breach.** You will be notified in the event of a breach of your unsecured protected health information.

You may exercise any of the above rights through a personal representative. Your personal representative will be required to produce satisfactory evidence of authority to act on your behalf before the personal representative will be given access to your Protected Health Information or be allowed to take any action for you.

Changes to this Notice and Distribution

The Fund reserves the right to amend this Notice of Privacy Practices at any time in the future and to make the new Notice provisions effective for all health information that it maintains. If material changes are made, the revised Notice will be posted on the Fund's website at: www.mpefund.org. It will be posted not later than the effective date of the revision and thereafter sent by first class mail to all named participants in the Fund's next annual mailing.

Material changes are changes to (1) the uses or disclosures of Protected Health Information, (2) your individual rights, (3) the duties of the Fund, or (4) other privacy practices stated in this Notice.

Your Right to File a Complaint with the Fund or the Secretary of HHS

Complaints about this Notice of Privacy Practices or about how we handle your health information should be directed to the Privacy Officer at the address listed previously. The Fund will not retaliate against you in any way for filing a complaint. All complaints to the Fund must be submitted in writing. If you believe your privacy rights have been violated, you may file a complaint with the Secretary of the Department of Health and Human Services at www.hhs.gov/ocr/privacy/hipaa/complaints/ or call (800) 368-1019.

Your Rights Under the Health Insurance Portability and Accountability Act (HIPAA)

Protected Health Information use and disclosure by the Fund is regulated by the federal Health Insurance Portability and Accountability Act (HIPAA). These rules can be found at 45 Code of Federal Regulation Parts 160 and 164. This notice attempts to summarize the regulations. The regulations will supersede this Notice if there is any discrepancy between the information in this Notice and the regulation.

Additional Questions

If you would like to have a more detailed explanation of these rights, or if you would like to exercise one or more of these rights, contact the **Privacy Officer** at the address listed previously.

Effective Date: This Notice is effective September 23, 2013.

American Dental Association (ADA) Dental Patient Rights and Responsibilities Statement

The following is an excerpt from the ADA's Dental Patient Rights and Responsibilities Statement:

Your dentist is the best source of information about your dental health and wants you to feel comfortable about your dental care. Maintaining healthy teeth and gums means more than just brushing and flossing every day and visiting your dentist regularly. As an informed dental patient, it also means knowing what you can expect from your dentist and dental care team and understanding your responsibilities in support of their efforts to provide you with quality oral health care.

The abbreviated rights and responsibilities provided by the ADA and listed below do not establish legal entitlements or new standards of care, but are simply intended to guide you through the development of a successful and collaborative dentist-patient relationship.

Patient Rights – You have a right to:

- choose your own dentist.
- know the education and training of your dentist and the dental care team.
- know what the dental team feels is the optimal treatment plan as well as the right to ask for alternative treatment options.
- an explanation of the purpose, probable (short and long term) results, alternatives and risks involved before consenting to a proposed treatment plan.
- know in advance the expected cost of treatment.
- accept, defer or decline any part of your treatment recommendations.
- receive considerate, respectful and confidential treatment by your dentist and dental team.

Patient Responsibilities – You have the responsibility:

- to provide, to the best of your ability, accurate, honest and complete information about your medical history and current health status.
- to report changes in your medical status and provide feedback about your needs and expectations.
- to participate in your health care decisions and ask questions if you are uncertain about your dental treatment or plan.
- for consequences resulting from declining or refusing treatment or from not following the agreed upon treatment plan.
- to keep your scheduled appointments.
- to adhere to regular home oral health care recommendations.

Member Appeal Process

If your dental claim is denied or partly denied, you will receive written notice of the denial (referred to as an Explanation of Benefits, or EOB) directly from the Fund's third party administrator (Delta Dental of Massachusetts) with a description of the process available to appeal the determination. If your vision claim is denied or partly denied, you will receive written notice of the denial directly from Davis Vision with a description of the process to appeal the determination.

Delta Dental is retained as a third-party administrator, responsible for processing and paying claims as per the Fund's policies and procedures. Delta Dental is not able to approve any appeal regarding the application of Fund policy. Any appeal involving Fund policies may be sent directly to the MPE Fund office.

If your appeal involves the quality or other concern about the care delivered by a dental provider, a copy of your treatment records may be requested from the dental office and may be reviewed by a Dental Consultant and/or Analyst. Please note that the dental provider is solely responsible for the delivery of quality care. As per the Fund's *Legal Rights and Obligations*, the Fund does not have any responsibility for the failure of a provider to fulfill these obligations.

Provided that you have exhausted all appeals available to you with Delta Dental of Massachusetts or Davis Vision, respectively, you or, if applicable, your beneficiary can request a review of your claim by the Fund.

This request for review should be sent to:

Board of Trustees
c/o Executive Director
Massachusetts Public Employees Fund
PO Box 3319
Peabody, MA 01961-3319

This request must be postmarked within sixty (60) days after you or, if applicable, your beneficiary received notice of the review of the claim.

When requesting a review, please state the reason you or, if applicable, your beneficiary believe the claim was improperly denied and submit any data, questions or comments you or, if applicable, your beneficiary deem appropriate, including but not limited to:

- Member's name and Subscriber Identification Number;
- Description of the problem, including relevant dates;
- Names of providers or others involved.

The Fund will investigate the problem and reply within forty-five (45) days. The Fund will do its best to resolve your appeal more quickly for services you are either receiving now or planning to receive.

The decision of the Board of Trustees, or the Executive Director acting on their behalf, on the disposition of the appealed claim is final.

Any appeal received after the required time limitations will not be considered for review.

Frequently Asked Questions

- Q:** I never received a Plan Booklet or enrollment form when I first became eligible for the Fund's vision and dental health plan. I now need services but my dentist does not participate in the MPE Exclusive Provider Network (EPN) Plan. Can I change my plan?
- A:** All members are sent eligibility information approximately two months prior to their effective date of coverage so that they have time to enroll dependents and select a dental plan. If the enrollment form is not returned by the effective date of coverage, members are automatically enrolled in the MPE EPN Plan. You may add eligible dependents any time during the year. However, you will have to wait until the Fund's Open Enrollment period to change your dental plan.
- Q:** I recently called your office and was told my coverage is under the MPE Fund plan. I thought I had a Delta Dental Plan, which my dentist accepts. What's the difference?
- A:** Your dental benefits are with the Massachusetts Public Employees Fund. The Fund retains Delta Dental of MA, a third-party administrator, to process and pay dental claims according to all the policies and guidelines established by the Trustees of the MPE Fund. The MPE Exclusive Provider Network (EPN) is a unique network of dentists that participate in the MPE Fund plan. They may, or may not, also participate in a Delta Dental plan. In the Fund's Indemnity Plan, you may go to any dentist you choose. Please read this booklet carefully to ensure you are enrolled in the correct plan to receive coverage.
- Q:** I am enrolled in the MPE Exclusive Provider Network (EPN) Plan and I went to a dentist that apparently does not participate in the MPE EPN Plan. Can I submit the claims for reimbursement?
- A:** There is no out-of-network coverage. You must read *Your Dental Health Plan Options* section of your annual plan booklet to understand your responsibilities before receiving treatment.
- Q:** My family is enrolled in the MPE Exclusive Provider Network (EPN) Plan. My son is undergoing orthodontic treatment. Will he still receive coverage if we switch to the Indemnity Plan during Open Enrollment but before his treatment is completed?
- A:** There will be no additional benefits payable if you change your plan if the Fund has already made payments that exceed the orthodontic benefit under the Indemnity Plan, which is \$1,200.
- Q:** I left my job and never received a Continuation Coverage Election Form. Can I request coverage now?
- A:** You are eligible to elect continuation coverage only if 60 days has not lapsed from your termination date or the date the form was sent to you by the Fund to the address we have on file, whichever is later. If you have left your job recently, or have another "qualifying event" as described on page 6, you should contact the Fund office to ensure that your eligibility is up-to-date.
-

Frequently Asked Questions — COBRA

- Q:** I am planning on retiring from my position. What happens to my dental and vision benefits with the MPE Fund?
- A:** Your dental and vision benefits with the MPE Fund will end one calendar month after your retirement date. For example, if you retire from your position on December 21st, your last day of dental and vision coverage will be January 31st.
- Q:** How long can I continue my dental and vision benefits with the MPE Fund after I retire?
- A:** You may continue your dental and vision benefits with the MPE Fund for a total of 36 months.
- Q:** I retired from my position and I received information about a Retiree Dental Plan. I am confused.
- A:** After filing your retirement paperwork, you will receive information about an alternative option available to you as a retiree. You will also receive a Continuation Coverage (COBRA) Election Form from the MPE Fund Office.
- If you want dental coverage, you may select *only one* of the following options:
1. You may continue your current vision and dental benefits with the MPE Fund for a maximum of 36 months by electing the Continuation Coverage (COBRA) plan; or
 2. You may waive your COBRA rights and enroll in the Retiree Dental Plan; or
 3. You may also have other options, such as your spouse's plan, or the Massachusetts Health Connector (mahealthconnector.org).
- Q:** I received the Retiree Dental Plan information before I received the COBRA Election Form. I enrolled in the Retiree Dental Plan and deductions are being made from my retirement check. Can I elect COBRA now?
- A:** Generally, no. Once you enroll in the Retiree Dental Plan option, you cannot elect Continuation Coverage (COBRA). And, if you 'dis-enroll' from the Retiree Dental Plan, you may not be able to re-enroll at a later date. If you retired from the Commonwealth, contact the Group Insurance Commission at (617) 727-2310. If you retired from the City of Boston, contact Health Benefits at (617) 635-4570.
- Q:** I am retiring but still have not received a COBRA Election Form from the Fund office. When will I receive that?
- A:** Dental and vision benefits are extended for one calendar month after your retirement date. For example, you retire on December 21st, your benefits will not end until January 31st. You should receive a form on, or slightly after, your *benefit end date*, based on when your employer notifies the Fund of your retirement. You will have 60 days after the form is mailed from the Fund to enroll in COBRA.
- Q:** My 36 months of COBRA is ending. Can I now enroll in the Retiree Dental Plan?
- A:** When the MPE Fund Office receives your final (36th) COBRA payment, you will receive a letter confirming your COBRA will be ending. Present that letter to either the GIC or City of Boston Health Benefits to enroll in the Retiree Dental Plan.

The Fund's Legal Rights and Obligations

Each Fund member selects the Vision Plan and the Dental Plan which best serves their needs. The vision and dental care providers you select are solely responsible for the delivery of quality vision and dental health care. The Fund does not have any responsibility for the failure of a vision or dental care provider to fulfill these obligations. The inclusion of a provider in the MPE Exclusive Provider Network (EPN) is not an endorsement or recommendation of that provider.

The Fund, by a vote of a majority of its Trustees, may amend, modify, or terminate all or part of any or all of the Fund's Vision and Dental Health Plans whenever, in their sole judgement, such an amendment, modification or termination shall be necessary or expedient.

The Fund's Board of Trustees, or the Executive Director acting on their behalf, has the final authority to delegate and/or determine any question arising in connection with the administration, interpretation and application of any or all of these Plans, including any question regarding eligibility for benefits and the right to participate in a Plan. Either the Board's or the Director's determination concerning the administration, application and interpretation of the Plans shall be conclusive and binding on all persons subject to the provisions of these Plans.

The Trustees may transfer a member from the MPE EPN Plan to the Indemnity Plan, or terminate a member from dental and vision coverage, if the Trustees, in their sole discretion, determine it is in the best interest of the Fund to do so.

The Fund may, at its sole discretion, require additional and/or supporting documentation as it deems appropriate to confirm eligibility or enrollment information.

It is illegal for a Fund member to willfully misrepresent any fact, including misrepresenting an individual as their dependent, for the purpose of securing benefits. Any member who is found by the Fund to have committed such misrepresentation shall immediately become ineligible for Fund benefits and will be required to reimburse the Fund for any benefits obtained. The Fund will cooperate fully with law enforcement agencies investigating and prosecuting criminal complaints, including potential cases of fraud or larceny, as they relate to Fund assets.

Massachusetts Public Employees Fund *Vision and Dental Health Plans*

July 1, 2023

Dear Fund Member:

July 1, 2023 marks the beginning of the Massachusetts Public Employees Fund's thirty-ninth year of providing vision and dental benefits to public workers in Massachusetts. Because the Fund is purchasing these benefits on behalf of its over 34,000 members, you can obtain quality vision and dental services at significant cost savings.

The Fund's Board of Trustees is committed to the development of a model program for delivering quality vision and dental health plans.

Please review this booklet carefully and select the benefit plan options which best meet your needs and the needs of your family. We hope you will take advantage of these valuable benefit programs.

Sincerely,

Union Trustees

Mr. Mark Bernard
AFSCME Council 93

Ms. Linda DeLuca
